What's Happening...

By now, everyone should have their new roll out containers from Waste Pro, our new trash service provider. Each set of rollout containers should have had a packet of information attached to it including contact information for Waste Pro, a schedule of pickup dates, and helpful tips on recycling.

Signature Waste should have picked up their containers after their last pickup for the town on June 26th and residents should start using the new Waste Pro bins immediately with the Wednesday, July 3rd pickup. If you still have a Signature Waste rollout container **after** June 26th, please call Town Hall to let us know. Waste Pro will be using the same pickup schedule as Signature Waste: regular household trash will be picked up each Wednesday and recycling will be picked up every other Wednesday. Missed pickups, scheduling bulky items for pickup and any other issues should be directed to Waste Pro at 980-255-3800. To view the entire packet of information that was provided by Waste Pro, please visit the town's website at: www.pinevillenc.gov and see the trash news on the Home Page.

**One note regarding the new trash policy: the timeframes to put your containers out and remove your containers from the curb have been revised since the last newsletter to allow people more time. Rollout containers should not be placed at the curb before 5:00 p.m. the day before the scheduled pick-up date, and must be removed from the curb by 11:59 p.m. on the day after the scheduled pick-up date.*

In other news, the 2020 CENSUS is coming!

We are just six months away from 2020 and as you may know, every ten years the federal government is required by law to perform a census to get an accurate count of how many people are living in the U.S. and to fairly reapportion the House of Representatives. Additionally, after each Census, State officials redraw boundaries of congressional and state legislative districts based on those population counts.

The 2010 Census had only a 75% response rate. The federal government is always striving to get a higher response rate and the 2020 Census will be no different. Now, more than ever, it is vital that every person respond to the census because your responses affect the \$675 billion that is allocated across the country to support states, counties and municipalities with vital programs, infrastructure, schools and emergency services. Additionally, it could mean increased funding and grant money for such things as road improvements, economic development and revitalization projects.

It is your civic duty to respond to the census count and it will be easier than ever because it can be done online, on the phone, via mail or directly with a Census Representative. **Absolutely no personal information can be used against any respondent and all census responses are protected under federal law. We urge every person in Pineville to STAND UP AND BE COUNTED.**

A lot more information regarding the 2020 Census will be coming out in the months ahead so stay tuned for updates. Conducting a Census is a huge undertaking and it provides many employment opportunities. If interested in securing a position with the US CENSUS Bureau, please see the ad on the adjacent page.

MECKLENBURG COUNTY NEWS

MECKLENBURG COUNTY STORM WATER

Mecklenburg County has over 3,000 miles of streams, the majority of which drains to the Catawba River. These streams collect the storm water runoff from over 546 square miles of mixed-use land in Mecklenburg County. Whenever it rains, the water rushes into storm drains and carries anything in its path, including trash and other pollutants, to the nearest stream or lake. Litter is a significant problem in our waterways. When trash collects in streams, it can cause blockages that could potentially lead to localized flooding.

Charlotte-Mecklenburg Storm Water Services tries to combat against this in a few different ways. We have a "Second Saturday" event program where staff and volunteers gather at one location from 9:00am-12:00pm the second Saturday of every month to perform maintenance on trees, glue informative decals on storm drains, or cleanup a littered stream. You can also adopt your own stream. We have over 100 active Adopt-A-Stream groups made up of individuals, companies, church groups, Boy and Girl Scout Troops, and other organizations, that take ownership of a stream and commit to cleaning it up twice a year. If you would like to learn more information about either of these programs, visit StormWater.CharMeck.org. To report a polluted stream near you, call 3-1-1.

Appointments can be made by calling 704-344-9950, but walk-ins are also welcome. Location: Pineville Town Hall, 200 Dover St. , Pineville, NC.

HAVE A HEALTHY, FUN SUMMER

The smell of barbecues, suntan lotion and fresh fruit is in the air. Summer is in full swing! However, with the thought of trips and relaxation on the horizon, it can be easy to put your health and fitness on a vacation, too. Don't let the warm weather be an excuse for neglecting your health. We compiled a few wellness tips and reminders to make this summer your best and healthiest one yet.

PPR SUMMER HEALTH TIPS:

PROTECT YOURSELF - Use your sunscreen every single day. To keep your skin protected, always apply a sunscreen with a minimum SPF of 30. Whenever possible, wear a hat and seek refuge in the shade.

STAY ACTIVE - The sweltering summer heat can lead you to seek refuge indoors and skip some of your outdoor workouts or runs, so bring your workouts indoors to our gym or track.

INCREASE YOUR INTAKE OF FRUITS AND VEGETABLES - Summer means plenty of fruits and vegetables are available. The farmers markets are up and running and with so many options during this time of year, you can really get creative and have fun!

Pineville Parks and Recreation offers citizens endless opportunities to achieve your fitness and wellness goals at our indoor/outdoor walking tracks, playgrounds, gym, fitness room, fitness classes, athletic fields, and more. For more information on our health and fitness opportunities check out our website www.pinevillenc.gov or call 704-889-2400.

Fourth of July Trivia

THE UNITED STATES OF AMERICA:

**LAND OF THE FREE,
HOME OF THE BRAVE.**

Fourth of July is a holiday full of outside fun, barbecues, and firework displays but it is really a day to celebrate the birth of our nation; our “Independence Day”. Here are a few questions about the 4th of July – see how many you can get right! (answers are listed at the bottom of the page).

2. The Fourth of July was not declared a federal holiday until: **a) 1805; b) 1938; c) 1796**
3. Around **a) 50 million; b) 150 million; c) 200 million** hot dogs are consumed on the 4th of July each year.
4. Back in 1776, when the Declaration of Independence was signed, roughly 150,000 new people lived in the U.S. **True or False?**
5. The now American-celebrated song, Yankee Doodle, was originally written by officers of the British army to make fun of backwoods Americans. **True or False?**
6. Three United States presidents died on the Fourth of July: John Adams, James Monroe, and **a) James Madison; b) Martin Van Buren; c) Thomas Jefferson.**
7. In one year, how much money is spent on fireworks in the U.S. alone?
a) \$600 million; b) \$75 million; c) \$250 million

PATRIOTIC CAKE POPS

Author: Pam Kanavos
Makes: 50 Cake Pops
Prep Time: 1 hour
Cook Time: 20 mins
Total Time: 1 hour 20 minutes
The perfect recipe for that truly patriotic Independence Day Celebration.

INGREDIENTS:

1 box of your favorite cake mix (plus any ingredients needed, as listed on box), or your favorite from scratch cake recipe
3/4 can cream cheese frosting
Red, White and/or Blue candy melts (Wilton brand)
White Sprinkles (the ones that look like little balls)

SUPPLIES:

1 Waxed paper • 50 lollipop sticks

INSTRUCTIONS:

1. Bake cake as directed on package or in recipe.
2. When completely cool, break the cake into crumbs by hand in a large bowl. Mix in the cream cheese frosting until well blended. Use 3/4 to a full can to moisten cake enough to form balls.
3. Roll the cake mixture into 1-inch balls and place on waxed paper.
4. Melt the candy melts as directed or in a melting pot.
5. Dip a lollipop stick about 1/2 inch into the melted candy coating and insert the stick into the rounded part of a cake ball. Repeat for remaining cake balls.
6. Place the cake pops in the freezer for about 10 minutes, or in the refrigerator for about 20 minutes, to firm.
7. Once the pops are firm, remove from the fridge/freezer and dip each into the melted candy coating, tapping excess chocolate off.
8. For the “stars” of your flag, use blue candy melts. For the “stripes” pops, use the red candy melts.
9. Prop up pops, cake end down, on waxed paper while the coating is still slightly warm, so the candy hardens into a flat surface at the top (this will help your pops stand up when serving).
10. Finish the blue pops with white sprinkles before chocolate coating hardens.
11. Drizzle white chocolate over the red pops after chocolate coating hardens.
12. Line up your pops to create the Stars & Stripes on a tray or simply decorate in various designs of red, white and blue.
