I hope everyone is enjoying the weather and outdoors now that it is officially Fall. We have certainly experienced some cooler weather! Now that the weather is cooling down citizens will be getting out more and enjoying our beautiful parks and greenway. I tell you what, Pineville currently has one of the best sections of the greenway. As you get out, please remember to be safe and social distance if possible while you’re out.

**With Fall, comes special events.** One of the biggest ones for the Town is Fall Fest. The Town is still planning to hold Fall Fest, but in a modified fashion. We will still have all of the kids activities, vendors, shows, and music, but no carnival rides. However, this year we will have Fireworks at the end of both nights at 10pm. They will be set off from the Cone Mills site.

**Finally, the Town is still working on some big projects.** The new Town Hall and Library are still on schedule to open in the summer of 2022. This will consolidate the operations of Pineville Communications Systems and Administration, and will include formal Council Chambers. The library will begin to occupy the first floor in the Fall of 2022. Council has just approved to proceed with the design of a greenway connection and bridge from McCullough to Jack Hugues Park. This project was rated high in both the Town’s PARC Masterplan and Mobility Study. This trail will provide better walkability and open up an unused area in our park system.

Thank you for being a part of our great community. You are what makes Pineville a special place to live, work, and enjoy. We are here to provide you great services, so if you have any questions or comments, please let me know at rspitzer@pinevillenc.gov. Until next time...

Thank you,
Ryan Spitzer
THE TOWN OF PINEVILLE IS AN NCDOL SAFETY AWARD WINNER FOR 2020!

Not only does the Town value the safety of its residents and those who work here, but we are very conscious of keeping our Town employees safe on the job. This diligence and hard work on the part of our safety committee and department leaders has led to all of our departments achieving a Gold or Silver Annual Safety Award status for our safety record during 2020. Sponsored by the NC Department of Labor and the Safety and Health Council of North Carolina, both private and public organizations are evaluated on their safety record over an entire year based on measurements, like the rate of days away from work.

The departments that earned Gold Safety Awards are:

- **PINEVILLE ADMINISTRATIVE DEPARTMENT**
  - 7th Consecutive Year

- **PINEVILLE PARKS AND RECREATION DEPARTMENT**
  - 3rd Consecutive Year

- **PINEVILLE PUBLIC WORKS DEPARTMENT**
  - 1st Year

- **PINEVILLE TELEPHONE COMPANY**
  - 7th Consecutive Year

THE PINEVILLE POLICE DEPARTMENT QUALIFIED FOR THE SILVER SAFETY AWARD!

Safety Committee representatives from all departments attended the Charlotte Awards banquet on August 18th at the Embassy Suites where their pictures were taken with the Commissioner of Labor, the Honorable Josh Dobson. We are proud of our safety record over the past years and look forward to continuing this emphasis and this impressive record for years to come.

Please call 704-889-SHOP to arrange pickup or delivery. Waste Pro will collect these bags on a weekly basis with the trash.

### Trash Schedule for Holidays

Trash day in Pineville is always Wednesday, unless there is a state holiday, which delays trash pick-up by a day. If the holiday falls on a day before Wednesday, then trash pick-up is a day later, on Thursday. If the holiday falls after Wednesday, the trash schedule is not affected.

Please be sure your bins are out BEFORE 7:00am every Wednesday! You are allowed to put your cans out the night before.

If you have additional items to be picked up, such as small furniture or perhaps bags of yard waste, it is beneficial to call Waste Pro and let them know. They can be reached at 980-255-3800. It is helpful for them to know, in advance, what you need picked up. If you do not let them know in advance, they may not be able to accommodate your request due to the lack of space in the truck. Always call, in advance, of a bulk pick-up!

You are invited to come and watch or try your hand at sailing radio control model sailboats at Pineville Lake Park.

We have sail days (practice races and tune-ups) on most Wednesdays and Sundays from 10:30AM to 12:30PM. We have race days on most Saturdays from 10:30AM to 12:30PM. Occasionally we will host intra-club and/or regional Regattas at our site too.

You can sail any boat with us during sail days (Wednesdays and Sundays) but we race the Kyosho Seawind on race days (Saturdays and Regattas). The SeaWind Readyset comes with pre-painted ABS hull in a blue-white color scheme and rigged ready to assemble with installed electronics and a 2.4 Ghz radio. The SeaWind Readyset can be purchased at discounted prices on Amazon.com and other online stores. The quality of design and fittings continue to make the SeaWind an excellent fleet boat with enough performance potential to satisfy even the most discriminating skipper. The SeaWind COA has demonstrated a strong organization with active fleets in all AMYA Regions and an active annual program of Regional and National Championship Regattas. The Class Rules tightly control the boat elements to ensure new skippers are not faced with a costly refit to be competitive while allowing minor modifications to rigging (materials and adjustment methods) to facilitate tuning and to the hatch cover to ensure watertight integrity.

Many of our members also have Dragon Force 95’s and EC-12 Class boats so whatever you may have, come join us. If you do not have a boat and would like to try your hand or see if this is something you may like to try, we have club boats available for you to sail prior to making any investment.

If you are interested in having some fun and making new friends contact us via our website: www.queencitymyc.com or by email at: qcmyc342@gmail.com or stop by.

As the weather starts to cool down for the fall, more of us will be out walking our furry friends in our beautiful parks and greenways. One way you can help to keep these areas clean and therefore keeping our waterways safe is by picking up after your pets. Not only does pet waste contain the harmful bacteria, E. Coli, and fecal coliform, but it can also contain parvo and worms that could spread diseases to other pets. Increases in fecal coliform in our waterways can lead to algae blooms which can be harmful to fish and other animals living in and around our creeks.

It’s important to always pick up after your pets because everything left on the ground has potential to enter storm drains which go straight to our creeks. So scoop the poop! Bag it and trash it! You’ll be doing your part to keep our waters clean.

Looking to get more involved this season? You can request Scoop the Poop signage for your community by reaching out to STW-Volunteers@MeckNC.gov.
