Wishing Everyone a Safe and Happy
NEW YEAR

The Town of Pineville

Happy New Year!

With each new year comes a fresh start, new opportunities, and a sense of rejuvenation. Our Town Hall fountain work has begun, and work is to be completed by early next summer.

This year, the Town looks forward to the completion of several projects. One of these projects is the greenway that will connect McCullough to Jack Hughes Park and the rest of downtown. This project will start in January 2024 and be completed in the Fall of 2024. It was a top priority in the Mobility Master Plan that was completed with community input several years ago. Another project is Phase I of the Johnston Road Realignment with Phase II starting by mid-2024. This project will help with the flow of traffic downtown and improve the pedestrian crosswalk. Another pedestrian improvement the town is working on with NCDOT and our State Representatives is the placement of a crosswalk across Highway 51 to connect the neighborhood to Town Hall and the Library.

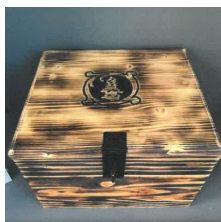

In the upcoming year, several projects will also begin that will have an impact on the town. The Town will begin the construction of a state-of-the-art Fire Department for our volunteers. This is a much-needed project as they have outgrown their current space that was built over 60 years ago. Along with this is the construction of a new Electric and PCS facility that will allow them to better serve the citizens of Pineville. Finally, the redevelopment of the Cone Mill will begin. The Town anticipates entering into an agreement for up to 45,000 sq ft of office, retail, commercial, and restaurant space as well as residential development of up to 162 townhome units. This will hopefully extend the Town's downtown area and be a boost to the already great businesses we have downtown by adding foot traffic. This project will also hopefully give citizens more dining options in our vibrant downtown.

Pineville is truly a great place to live, work, and play. The town will continue to invest in our employees and in amenities/activities for citizens in the upcoming year.

Ryan Spitzer, Town Manager

TIME CAPSULE

This year, in commemoration of the Town's 150th anniversary, we had a time capsule made. One of our employees, Matt McClure, made the time capsule for the Town. The box is roughly 12"x10 1/2". It is made of pine. The corners have a zebra wood inlay. The top of the box has an epoxy inlay of the town emblem. All joints are hidden. The torched finish keeps it natural, but also really brings out the grain of the pine. All coated inside and out with a polyurethane finish to keep it preserved for many years to come.

Contents of the time capsule include: an old rotary phone, an iPhone, a flip phone, a map, a copy of the My Hometown book, one of Police Chief's coins, a police badge, a Covid test, a mask, a copy of the FY 2023-2024 property taxes summary, a copy of the October

2023 Town Council Minutes, a mini photo album of Belle Johnston, whom the Belle Johnston Center was named after, and a photo of the Cone Mill water tower.

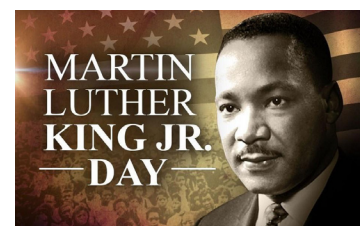

The time capsule will be closed until its opening on February 28, 2074.
