PLEDGE ALLEGIANCE TO THE FLAG

Council Member Danielle Moore led everyone in the Pledge of Allegiance.

MOMENT OF SILENCE

Mayor David Phillips asked for a moment of silence for our first responders and anyone who may be struggling health wise or just needs assistance.

ADOPTION OF AGENDA

Council Member Moore made a motion to adopt the agenda with a second was made by Council Member Stinson-Wesley. All ayes. (**Approved 4-0**).

APPROVAL OF MINUTES

The Minutes of the May 13, 2025, Town Council Meeting, the May 14, 2025, Special Meeting, and the May 14, 2025, Closed Session (sealed) were submitted for approval. Mayor Pro Tem Samaha moved to approve the minutes as presented with a second made by Council Member Moore. All Ayes. (**Approved 4-0**)

AWARDS AND RECOGNITION

Mayor Phillips swore in new Pineville Police Officer Mario Vergara-Quiroz and presented him with his badge. Photos were taken of Officer Vergara-Quiroz and his family.

BOARD REPORTS

MTC (Ryan Spitzer). Mr. Spitzer provided an update regarding the MTC Board. Charlotte City Council recently adopted its budget for CATS. CATS is a department under the City of Charlotte. There is legislation going through the General Assembly. There are two competing bills that deal with the penny legislation. The Senate bill that was presented by Senator Sawyer states that 40% of the penny would be for roads and municipalities. Pineville's portion of that would be about \$1.9 million that we would get dedicated to roads and infrastructure, 40% would go towards transit and 20% would be used for the bus system. This includes more fixed routes, updated shelters and bus stations, as well as micro transit, to mirror what they're doing in Huntersville. There is a House bill that was also introduced and the funding is 60% transit, 40% for roads and micro transit was expressly stated in that bill. After these get through the General Assembly, they still have to be approved by Mecklenburg County.

There were four options presented to the residents of Mecklenburg County and they voted for Option 1. The red and gold line would be built; the silver line would be built from the airport to the Coliseum with the blue line to Carolina Place Mall would be built. The blue line extension and silver line additions would be part of ongoing budget years, as budget funding came up.

CONSENT AGENDA

Mayor Phillips listed the Consent Agenda items including a Proclamation for Juneteenth, Resolution 2025-09 for Surplus Items, and Tax Refunds. Council Member Moore moved to approve the Consent Agenda with a second provided by Council Member McDonough. All ayes. (**Approved 4-0**)

PUBLIC COMMENT

Dan Sachs, Pineville resident. Mr. Sachs asked if he could put up a sign at his residence announcing no solicitation. Town Manager Spitzer replied "yes." Mr. Sachs also asked how many non-profits are involved and how often do they solicit in the Town. Mr. Spitzer replied, "there are not many."

Yvette Isaacs, Pineville resident. Ms. Isaacs said, regarding social media, that she would ask more training to be given to the person, or persons, who put together the recent video "how to attend a town council meeting without being a buffoon." She took offense to being called a buffoon and felt that this could be used as a training opportunity so that proper communications be put out there and represent our town truly as it wants to be represented.

PUBLIC HEARING

Mayor Pro Tem Samaha moved to enter the public hearing followed by a second made by Council Member Stinson-Wesley. All ayes.

Huntley Glen Street Acceptance (Travis Morgan). Mr. Morgan advised that the completion of the Huntley Glen neighborhood roadways are planned to be Town roads. These roads will be added to the Powell Bill roads funding and also the responsibility of Town maintenance. Maintenance bonds (25% of construction bond) are ready to be in place and the noted trees have been replaced. The roads to be added as town roads are Huntley Glen Drive, Garden View Drive, Glenway Trail Court, Atwell Glen Lane, Autumn Glen Avenue, Grace View Drive, and Overlook Ridge Street.

There have been resident complaints about the developer damaging irrigation lines at the front entry with sidewalk installation. This appears to be on HOA property and is not a Town maintenance item. Brett Ford, Pineville resident and HOA member, discussed issues, especially at Dorman Rd and Huntley Glen, where they had the sprinkler system destroyed and around the corner, they have some erosion control problems for two years. The pool is sinking and they would like some help with the engineering. Denise Nichols, who was attending the meeting on behalf of the developer, said that the HOA manager has been contacted and she will make sure that the irrigation gets fixed. She did not know anything about their pool and will bring that to the developer's attention.

Council Member McDonough moved to close the public hearing with a second provided by Council Member Moore. All ayes.

OLD BUSINESS

Solicitation Ordinance (Ryan Spitzer). Mr. Spitzer shared the proposed Solicitation Ordinance, on page 67 of the council packet, and noted that it mirrors the Town of Davidson's Solicitation Ordinance, as they were also approached by Moxie. He shared options that Council can consider: keep the solicitation ordinance as it is, or they can include not allowing any solicitation, or a combination of the new ordinance but have time limits and other restrictions. Mayor Pro Tem Samaha added that he feels most people don't want any solicitation at their doors. Council Member Stinson-Wesley asked if we can allow campaign signs. Town Manager Spitzer replied that we allow them for a certain amount of time before an election, but this would probably fall under those same guidelines.

Council Member Stinson-Wesley asked if garage sales and temporary event permits are included. Town Manager Spitzer replied that they are not the same thing. Attorney Lyons added that people are coming to "their" doors, in that case. Mayor Pro Tem Samaha is in favor of no solicitation. Mayor Phillips concurred and added that with the internet there are more options for advertising now.

Mayor Pro Tem Samaha moved to not allow any solicitation, followed by a second made by Council Member McDonough. Council Members Stinson-Wesley and Moore were both nays. Mayor Phillips broke the tie and voted not to have any solicitation in the Town. **(Approved 3-2)**

NEW BUSINESS

Budget FY 25-26 (Ryan Spitzer). Town Manager Spitzer discussed the FY25-26 Budget and stated that we are looking at a 30-cent tax rate which will go toward the new Fire Department debt payment and one of our two new firefighters that will be on duty 24/7. This is approximately a \$41 million dollar budget; \$14 million is Electric with \$3.2 million of that is for PCS, and the remaining amount is General Fund. The entire increase in the tax rate is for the Fire Department. We want to have three on each truck so we can better fight fires and be able to sign an agreement by the City of Charlotte for aid. Mayor Pro Tem Samaha complimented Mr. Spitzer and his staff for this budget. It was well done.

Mayor Pro Tem Samaha moved to approve the FY25-26 budget with a second provided by Council Member Stinson-Wesley. All ayes. **(Approved 4-0)**.

2025 Council Meetings Calendar Updates (Lisa Snyder). Town Clerk Snyder reviewed the 2025 Town Council Meetings schedule and noted two changes need to be made. Since the Mayor and Council will be attending the annual Electricities Conference August 11th through the 13th, the Town Council meeting that month will have to be rescheduled. In addition, the September Work Session was inadvertently scheduled for September 29th, which is the fifth Monday of that month and Work Sessions are held on the fourth Monday of each month.

Council Member Stinson-Wesley moved to change the date of the August Town Council meeting to Thursday, August 21st and the September Work Session to Monday, September 22nd with a second made by Council Member Moore. All ayes. **(Approved 4-0)**

Huntley Glen Street Acceptance (Travis Morgan). Mayor Pro Tem Samaha moved for the acceptance of the new Huntley Glen streets with a second made by Council Member Moore. All ayes. **(Approved 4-0)**

MANAGER'S REPORT

Town Manager Spitzer reported that Parks and Rec Director, Matt Jakubowski, had an update on the McCullough Greenway Bridge. Mr. Jakubowski reviewed a timeline for this project and said that August 27, 2025, is the anticipated new completion date of the project. There will be a ribbon cutting ceremony. Mr. Spitzer said they're also working on a lighting plan with Electricities for that area.

Public Works Director, Chip Hill, gave an update on Johnston Road and advised that it will be completed in September. He added that \$1.9 million dollars have been spent so far on this project and that we had \$3 million budgeted.

Town Manager Spitzer added that the sidewalk on S. Polk is complete. Music on Main is this Friday. At the end of this month, we will have a symphony and we will have fireworks again this year, and we will notify the property owners.

Council Member Moore added that the Pride event is Saturday, June 21st.

Mr. Spitzer said that we will be closed for the first time on Thursday, June 19th, in observance of Juneteenth.

Council took a brief break before entering Closed Session.

CLOSED SESSION

Council Member Moore moved to enter the first Closed Session with a second made by Council Member Stinson-Wesley. All ayes.

The meeting was held pursuant to NCGS 143.318-11(3)– *to discuss an attorney/client privilege matter*.

Mayor Pro Tem Samaha moved to leave the Closed Session with a second made by Council Member Moore. All ayes.

Mayor Pro Tem Samaha moved to enter the second Closed Session with a second made by Council Member Stinson-Wesley. All ayes.

The second meeting was held pursuant to NCGS 143.318-11 (5) – *regarding negotiations*.

Council Member Moore moved to leave the second Closed Session with a second made by Council Member Stinson-Wesley. All ayes.

ADJOURNMENT

Council Member Stinson-Wesley made a motion to adjourn followed by a second made by Council Member Moore. All ayes. The meeting was adjourned at 8:10 pm.

**WORK SESSION MINUTES
MONDAY, JUNE 23, 2025 @ 6:00 PM
TOWN HALL COUNCIL CHAMBERS**

The Town Council of the Town of Pineville, NC, met in a Work Session on Monday, June 23, 2025 @ 6:00 p.m.

ATTENDANCE:

Mayor: David Phillips
Mayor Pro Tem: Ed Samaha (via Teams)
Council Members: Chris McDonough, Danielle Moore, Amelia Stinson-Wesley
Town Manager: Ryan Spitzer
Town Clerk: Lisa Snyder
Asst. Manager/Finance Director: Chris Tucker
Planning Director: Travis Morgan

CALL TO ORDER:

Mayor David Phillips called the meeting to order at 6:00 p.m. The first order of business was to allow Mayor Pro Tem Samaha to participate in the meeting via Teams, and Council needs to approve the potential of him casting a vote, despite not being physically present. The second order of business was to remove item #5, the Fire Department ETJ, as Chief Gerin had to work at the last minute and could not attend and substituting it with Budget Amendment 2025-07 presented by Chris Tucker, following his Finance Report. **(Both items approved 4-0)**

DISCUSSION ITEMS:

Event Permits (Riley George). Ms. George worked with the Parks & Rec Director, the Chief of Police, Planning Director Travis Morgan, and Communications to develop the event permit form. The biggest part is the council approval for certain events. In addition, a fee range was discussed with Parks & Rec, as they suggested \$200 to cover the time for setting up, tear down, and trash removal. The spaces would be the front lawn, any roads within the Town limits, parking lots, and green spaces not designated by Parks & Rec. This form does not include the political 30-day period which allows for local municipal, state, and federal parties are permitted to set up on Town property in anticipation of an election.

There will be a link on the Town's website, under Parks & Rec, to obtain the form. She noted that on page 2, the applicant chooses what best describes their event, similar to Mecklenburg County's form. There is an attachment section for the applicant to attach vendor permits, security plans, etc. The applications will initially go to Ms. George for approval.

Council Member Stinson-Wesley asked if there will be different procedures for residents vs non-residents? Ms. George replied that we can do that for consistency. Council Member Moore suggested that the applicant provides references. In the event that they have had their event at another location, we can check if there were any issues. The Town Manager will have the final approval with the Assistant Town Manager approving in the manager's absence.

Conditional Rezoning of 606 N. Polk (Travis Morgan). Mr. Morgan stated that David Tibbals, with South Oak Partners, requests consideration on a site plan specific conditional zoning plan to allow for up to 19 townhomes in the B-3 zoning district. Townhomes are permitted only by a conditional zoning proposal in this district. Mr. Morgan feels that the site plan needs additional work and appears to be too dense. Staff is recommending losing several townhome units and reorganizing the site to accommodate the grade change along Polk and revisit the arrangement of the Morrow Avenue units to face a more usable common open space and possibly adding on-street parking on Morrow Avenue since the asphalt is narrow there. He reminded Council that these are not the final engineering plans. Mayor Pro Tem Samaha expressed concern about school buses or trash access being a little tight to make those turns. Mr. Tibbals replied that their civil engineers put this design together and the radiuses put together provide for standard private trash service. There are no common parking areas. Mr. Spitzer asked Council to let Mr. Morgan know if there is anything they want to add as we move through this process.

Chain Link Fence Ordinance (Ryan Spitzer). Mr. Spitzer advised that a resident installed a new chain link fence on Eden Circle because her neighbors have chain link fences and is asking Town Council to change the Residential overlay District rules. In 2008, Pineville adopted a Residential Overlay District Plan that prohibited chain link fence in residential areas because property owners weren't taking care of the weeds and grass along the fence line. Any chain link fence that was installed prior to this time was allowed and grandfathered in or taken down. Currently, her fence is over the property line and she is in violation of our ordinance. Mayor Phillips did not feel this should be grandfathered in and the remaining Council members concurred that the Ordinance stands.

Finance Report (Chris Tucker). Finance Director Chris Tucker gave a finance update through May of this fiscal year and said that we will hit 100% of incoming revenues, which is good news. He will be wrapping up audits and closing this fiscal year. There was no discussion.

Budget Amendment 2025-07 (Chris Tucker). Mr. Tucker requests a vote on Budget Amendment 2025-07. Mr. Tucker said that this is the electric fund increasing utility revenue by \$500,000.00 and increasing wholesale power purchase by \$500,00.00. It was noted that this is unusual to take a vote at this time, but it needs to be approved prior to July 1st. Council Member McDonough moved to approve Budget Amendment 2025-07 with Council Member Moore providing a second. All ayes. **(Approved 4-0)**

Parkway Crossing discussion on Conditional Rezoning (Travis Morgan). Mr. Morgan advised that this is a request from New Forum Development by their attorneys at Morningstar Law Group as it relates to their prior site plan. They are requesting an administrative interpretation which confirms that the roadwork for this project allowed by the Site Plan has been completed, and that certificates of occupancy for development on the undeveloped Parkway property are not conditioned on the completion of the Carolina Place Parkway. The remaining undeveloped portion of Parkway Crossing has been on hold based partly on no current development plans or proposals, and partly due the conditional site plan requirement relating to the completion of Carolina Place Parkway and acceptance by NCDOT.

Mr. Spitzer added that either they improve the roundabout to commercial vehicle standards as a thoroughfare to make it usable to everybody, in which may require additional property, or Council to uphold that they have to complete the extension of Parkway Crossing, as shown on the approved plans. One of the stipulations in that area is in order to build there, the road has to be completed. New Forum doesn't want to finish the road. Mr. Morgan discussed the plan roadway and graphics and planned denying their administration interpretation claim, in favor of

them coming back to amend the adopted plan with an alternate strategy in front of Town Council the same way was originally approved. Additionally, he added that this alignment is a State roadway and has been on our thoroughfare Master Plan. Mr. Morgan has not responded to them yet, as he wanted to get this in front of Council first.

Cone Mill discussion (Ryan Spitzer). Mr. Spitzer said that the Site Plan provided by Beachmont RE Holdings for Cone Mill, and agreed to by Council and the Buyer, had between 24,000 and 44,000 sq. ft. of commercial space. Beachmont wants to amend the agreement where if they don't build all 24,000 sq. ft. they won't be in default of the PSA. Beachmont, via Jon Visconti, is concerned that the market dictates that he can only build 18,000 sq. ft. The way the PSA states, if he doesn't build all of it, the Town can take some back. One option that was discussed was to agree to the 24,000 sq. ft. but parcel them out. The other option is to make him stick to the site plan as it was agreed to (24,000 is the minimum).

Mr. Visconti explained that he needs to parcel it off and remove some liens in order to get a loan to make those improvements. It's all market dictated. He's comfortable with 24,000, but if it's 18,000, he just needs some flexibility with that minimum number.

Town Manager Spitzer added that if we do what Jon wants and parcel it out, he builds or remodels the old Town Hall, and he builds other buildings and then doesn't build one, if he puts a pad there we can't buy it back. The way that our PSA reads, if he doesn't build the 24,000 sq. ft. the Town can buy back whatever he doesn't build. We had to set some limits. He is wanting to change the perimeters of the proposal and Council has to decide what to accept or not. Mr. Visconti said he is spending all this money to get the Brownfield done. He likes the 18,000 with the right to parcel, at least portions of it.

Mr. Spitzer said that we would have to amend the Site Plan. He suggested staying with 24,000 and Mayor Phillips agreed. Mr. Spitzer further added that Mr. Visconti's 270 days are up July 21st. He had 270 days to get through the Brownfields, with three 60-day extensions. He has asked for 120 days. We need to give him 60 days at a time. Mr. Spitzer's recommendation is to extend permitting to do the Brownfields. Jon needs to know how much Council will hold him to for commercial. Council needs to decide if they are ok with Jon **not** building in every space.

Jon is asking from Council a 120-day extension from July 21st after completing the Brownfields. Mr. Spitzer would prefer to give him three 60-day extensions which will give him 180 days. The testing for the Brownfields has been delayed six weeks due to the rain. Council Member Moore prefers to do 60 days then evaluate, 60 days then evaluate, and another 60 days and evaluate. Mr. Visconti will get the full schedule and send it to Mr. Spitzer before the July 8th meeting. Council to discuss amongst themselves and vote at the July 9, 2025, Town Council meeting.

Council Member Stinson-Wesley moved to adjourn the Work Session followed by a second made by Council Member Moore. All ayes.

The Mayor adjourned the meeting at 8:20 pm.

PROCLAMATION

PARKS AND REC MONTH

WHEREAS Parks and Recreation are an integral part of communities throughout this country, including the State of North Carolina; and

WHEREAS Parks and Recreation promotes health and wellness, improving the physical and mental health of people who live near parks; and

WHEREAS Parks and Recreation promotes time spent in nature, which positively impacts mental health by increasing cognitive performance and well-being, and alleviating illnesses such as depression, attention deficit disorders, and Alzheimers; and

WHEREAS Parks and Recreation encourages physical activities by providing space for popular sports, hiking trails, swimming pools and many other activities designed to promote active lifestyles; and

WHEREAS Parks and Recreation programming and education activities, such as out-of-school time programming, youth sports and environmental education, are critical to childhood development; and

WHEREAS Parks and Recreation increases a community's economic prosperity through increased property values, expansion of the local tax base, increased tourism, the attraction and retention of businesses, and crime reduction; and

WHEREAS our parks and natural recreation areas ensure the ecological beauty of our state and provide a place for children and adults to connect with nature and recreate outdoors; and

WHEREAS the State of North Carolina recognizes the benefits derived from parks and recreation resources.

NOW THEREFORE, BE IT RESOLVED that in the State of North Carolina, July is recognized as Parks and Rec Month.

Memorandum

To: Mayor and Town Council
From: Ryan Spitzer
Date: 7/3/2025
Re: Letter from Huntley Glen HOA Representative

Overview:

Town Council received an email from Brett Ford representing the HOA of Huntley Glen. He had asked the Town Council to hold the developer of Huntley Glen accountable for several deficiencies at the June 10th Town Council Meeting.

Below are the asks that Mr. Ford had:

We appreciate your attention as we continue trying to resolve a number of significant issues left behind by the builder following the turnover of our community earlier this year. As homeowners, we are doing our best to address them, but some concerns fall within municipal jurisdiction or stem from the builder's original actions and decisions. We are hoping for your support and guidance on several matters:

1. Lighting Deficiencies (NC Side Only)

Several homeowners have raised concerns about insufficient lighting in parts of the neighborhood, particularly on the North Carolina side. Improved lighting is essential for community safety—criminal activity tends to decrease in well-lit areas. We would appreciate clarification on where the Town of Pineville is responsible and whether there are any plans or avenues for addressing this.

2. Pool Jurisdiction and Construction

The pool was permitted in South Carolina, but approximately half of it lies within the Pineville jurisdiction (see attached image). This creates a gray area in responsibility, especially since the pool continues to present major issues.

3. Gate Location

The entrance gate to the pool is located in South Carolina, which we understand is outside the Town's direct oversight.

4. Irrigation System Damage

While we understand that irrigation materials are not covered under the bond, the system was damaged—likely by probing activity—while preparing for the new required sidewalk installation. The damage occurred just before the irrigation lines entered a 3” sleeve under the entrance to the neighborhood. If this falls under the scope of sidewalk, storm water, or road repair as part of bond closure, we’d like to request an investigation or remedy.

Estimated Costs:

There is no estimated costs at this time.

Summary of Financing Proposals *2025 Electric System Revenue Bond*

Town of Pineville, North Carolina

July 8, 2025

Bank Loan RFP Overview

- An RFP for a Direct Bank Loan financing was distributed on May 27, 2025 to over 50 National, Regional and Local lending institutions to finance the construction of a new electric substation.
- After the initial distribution, Davenport reached out to the potential bidders to assess their interest in the financing and address any questions they had.
- Responding institutions were asked to provide proposals for an Electric System Revenue Bond (the “2025 Revenue Bond”) in an amount of up to \$8,000,000 with either 15-year or 20-year terms secured solely by the Net Revenues of the Town’s Electric System.
- The Town received 3 proposals from the following banks:
 - JPMorgan Chase
 - Truist
 - Webster Bank
- A summary of all proposals received is shown on the following page.

Recommendation and Next Steps

Recommendation

- Based upon our review of the proposals, related analyses, and discussions with Town Staff and Bond Counsel, Davenport recommends that the Town selects either the Truist 15-year proposal (4.29%) or the Webster Bank 20-year proposal (4.63%). The Truist 15-year proposal provides the lowest overall rate that is able to be prepaid prior to final maturity, with the lowest total debt service requirement. The Webster 20-year proposal provides the lowest 20-year rate, with the lowest annual debt service requirement.

Municipal Advisor Disclosure

The enclosed information relates to an existing or potential municipal advisor engagement.

The U.S. Securities and Exchange Commission (the “SEC”) has clarified that a broker, dealer or municipal securities dealer engaging in municipal advisory activities outside the scope of underwriting a particular issuance of municipal securities should be subject to municipal advisor registration. Davenport & Company LLC (“Davenport”) has registered as a municipal advisor with the SEC. As a registered municipal advisor Davenport may provide advice to a municipal entity or obligated person. An obligated person is an entity other than a municipal entity, such as a not for profit corporation, that has commenced an application or negotiation with an entity to issue municipal securities on its behalf and for which it will provide support. If and when an issuer engages Davenport to provide financial advisory or consultant services with respect to the issuance of municipal securities, Davenport is obligated to evidence such a financial advisory relationship with a written agreement.

When acting as a registered municipal advisor Davenport is a fiduciary required by federal law to act in the best interest of a municipal entity without regard to its own financial or other interests. Davenport is not a fiduciary when it acts as a registered investment advisor, when advising an obligated person, or when acting as an underwriter, though it is required to deal fairly with such persons.

This material was prepared by public finance, or other non-research personnel of Davenport. This material was not produced by a research analyst, although it may refer to a Davenport research analyst or research report. Unless otherwise indicated, these views (if any) are the author’s and may differ from those of the Davenport fixed income or research department or others in the firm. Davenport may perform or seek to perform financial advisory services for the issuers of the securities and instruments mentioned herein.

This material has been prepared for information purposes only and is not a solicitation of any offer to buy or sell any security/instrument or to participate in any trading strategy. Any such offer would be made only after a prospective participant had completed its own independent investigation of the securities, instruments or transactions and received all information it required to make its own investment decision, including, where applicable, a review of any offering circular or memorandum describing such security or instrument. That information would contain material information not contained herein and to which prospective participants are referred. This material is based on public information as of the specified date, and may be stale thereafter. We have no obligation to tell you when information herein may change. We make no representation or warranty with respect to the completeness of this material. Davenport has no obligation to continue to publish information on the securities/instruments mentioned herein. Recipients are required to comply with any legal or contractual restrictions on their purchase, holding, sale, exercise of rights or performance of obligations under any securities/instruments transaction.

The securities/instruments discussed in this material may not be suitable for all investors or issuers. Recipients should seek independent financial advice prior to making any investment decision based on this material. This material does not provide individually tailored investment advice or offer tax, regulatory, accounting or legal advice. Prior to entering into any proposed transaction, recipients should determine, in consultation with their own investment, legal, tax, regulatory and accounting advisors, the economic risks and merits, as well as the legal, tax, regulatory and accounting characteristics and consequences, of the transaction. You should consider this material as only a single factor in making an investment decision.

The value of and income from investments and the cost of borrowing may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions or companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance and estimates of future performance are based on assumptions that may not be realized. Actual events may differ from those assumed and changes to any assumptions may have a material impact on any projections or estimates. Other events not taken into account may occur and may significantly affect the projections or estimates. Certain assumptions may have been made for modeling purposes or to simplify the presentation and/or calculation of any projections or estimates, and Davenport does not represent that any such assumptions will reflect actual future events. Accordingly, there can be no assurance that estimated returns or projections will be realized or that actual returns or performance results will not materially differ from those estimated herein. This material may not be sold or redistributed without the prior written consent of Davenport.

RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF PINEVILLE, NORTH CAROLINA DIRECTING THE APPLICATION TO THE LOCAL GOVERNMENT COMMISSION FOR APPROVAL OF ELECTRIC SYSTEM REVENUE BONDS AND CERTAIN RELATED MATTERS

WHEREAS, the Town Council (the “*Town Council*”) of the Town of Pineville, North Carolina (the “*Town*”) is authorized by The State and Local Government Revenue Bond Act, General Statutes of North Carolina, Section 159-80 *et seq.* (the “*Act*”), to issue, subject to the approval of the Local Government Commission of North Carolina (the “*LGC*”), at one time or from time to time, revenue bonds of the Town for the purposes as specified in the Act; and;

WHEREAS, the Town Council is considering the issuance of a not to exceed \$8,000,000 Town of Pineville, North Carolina Electric System Revenue Bond, Series 2025 (the “*2025 Bond*”) to (1) finance the construction of a new electric substation (the “*2025 Project*”) and (2) to pay the costs of issuing the 2025 Bond; and

WHEREAS, the 2025 Bond are expected to be issued under a general trust indenture between the Town and Truist, as trustee, (the “*Trustee*”) and a series indenture between the Town and the Trustee;

WHEREAS, the Town Council wants to approve the retention of the financing team for the 2025 Bond, including (1) Parker Poe Adams & Bernstein LLP, as bond counsel; (2) Ballard Rosenberg Golper & Savitt, LLP, as the Town’s counsel; (3) Davenport & Company LLC, as financial advisor; (4) Truist, as trustee, paying agent and registrar for the 2025 Bond; (5) [Bank], as purchaser of the 2025 Bond (the “*Purchaser*”), and (6) Utility Financials Solutions (UFS), as feasibility consultant (collectively, the “*Financing Team*”); and

WHEREAS, the Town Council wants the Finance Director of the Town to file with the LGC an application for its approval of the 2025 Bond, on a form prescribed by the LGC, and (1) request in such application that the LGC approve (a) the negotiation of the sale of the 2025 Bond to the Underwriter and (b) the Town’s use of the Financing Team and (2) state in such application such facts and to attach thereto such exhibits in regard to the 2025 Bond and to the Town and its financial condition, as may be required by the LGC, and to take all other action necessary to the issuance of the 2025 Bond;

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PINEVILLE, NORTH CAROLINA, AS FOLLOWS:

Section 1. That the 2025 Bond is to be issued by the Town in an aggregate principal amount not to exceed \$8,000,000 for the purpose of providing funds to (1) finance the 2025 Projects and (2) pay the costs of issuing the 2025 Bond, all as will be set out in the documents attached to the Town’s application to the Commission. The 2025 Project is necessary to meet the needs of the users of the Town’s electric system.

Section 2. That the Finance Director or his respective designee, with advice from the Town's financial advisor and bond counsel, is hereby authorized, directed and designated to file an application with the LGC for its approval of the issuance of the 2025 Bond.

Section 3. That the Financing Team is hereby approved in connection with the issuance by the Town of the 2025 Bond, and the Town Manager and the Finance Director are each hereby authorized to retain other professionals as may be necessary and appropriate to carry out the intentions of the Town Council as set forth in this Resolution.

Section 4. That the Town Council finds and determines and asks the LGC to find and determine from the Town's application and supporting documentation:

- (a) that the issuance of the 2025 Bond is necessary or expedient;
- (b) that the not to exceed stated principal amount of the 2025 Bond will be sufficient but is not excessive, when added to other money available to the Town's electric system, to finance the 2025 Project;
- (c) that the Town's electric system as now constituted, and as it will be constituted after the completion of the 2025 Project, is feasible;
- (d) that the Town's debt management procedure and policies are good; and
- (e) that the 2025 Bond can be marketed at a reasonable interest cost to the Town.

Section 5. That the Town Council requests that the Commission sell the 2025 Bond through negotiation to the Purchaser on such terms as may be agreed on but at an interest rate not exceeding [Rate]%.

Section 6. That the Mayor, the Town Manager, the Finance Director and the Town Clerk, and their respective designees (the "*Authorized Officers*"), are each hereby authorized, empowered and directed to do all such acts and things and to execute all such documents as may be necessary to complete the steps necessary for the issuance of the 2025 Bond. All acts and doings of the Authorized Officers that are in conformity with the purposes and intents of this Resolution and in the furtherance of the issuance of the 2025 Bond shall be, and the same hereby are, in all respects approved and confirmed. Any provision in this Resolution that authorizes more than one officer of the Town to take certain actions shall be read to permit such officers to take the authorized actions either individually or collectively.

Section 7. That all resolutions or parts thereof of the Town Council in conflict with the provisions herein contained are, to the extent of such conflict, hereby superseded and repealed.

Section 8. That this Resolution is effective on its adoption.

Adopted this 8th day of July, 2025.

STATE OF NORTH CAROLINA)

Town of Pineville – Outside Event Request Form

Thank you for your interest in hosting an event on the Town of Pineville property. Please complete the form below at least **45 days in advance** of your requested event date. Submission of this form does not guarantee approval. **Please note under certain circumstances there may be a required Council vote from the Town of Pineville regarding your event. If this is required, The Town of Pineville will let you know ahead of time.** Each location is limited to ONE event per space per location. Each event fee is \$200 for non-residents and \$100 for residents of Pineville and is required to be paid in full prior to the event date.

Examples of locations that pertain to this form are the front lawn of Town Hall, any roads within Pineville limits, parking lots owned by the Town, green space at Pineville Lake Park, etc. This form DOES NOT pertain to shelter rentals, The Hut, Jack Hughes Park, Splash Pad, Canine Commons Dog Park, or the Belle Johnston Community Center. Those facilities are handled exclusively by Pineville Parks and Recreation online at <https://www.pinevillenc.gov/government/departments/parks-recreation/parks-facilities/>.

This form does **not** include the 30-day political period which allows local municipal, state, and federal participants to set up on Town property in anticipation of an election.

If this form is not completed and approved in advance, and the event proceeds without authorization, the matter will be handled by the Pineville Police Department.

Workshop Meeting

To: Town Council

From: Travis Morgan

Date: 7/8/2025

Re: Pineville Church of the Nazarene Conditional Plan (*Informational Item*)

REQUEST:

Aaron Horton on behalf of Pineville Church of the Nazarene as Pastor requests your consideration for a conditional zoning plan to adjust sidewalk width.

SUMMARY:

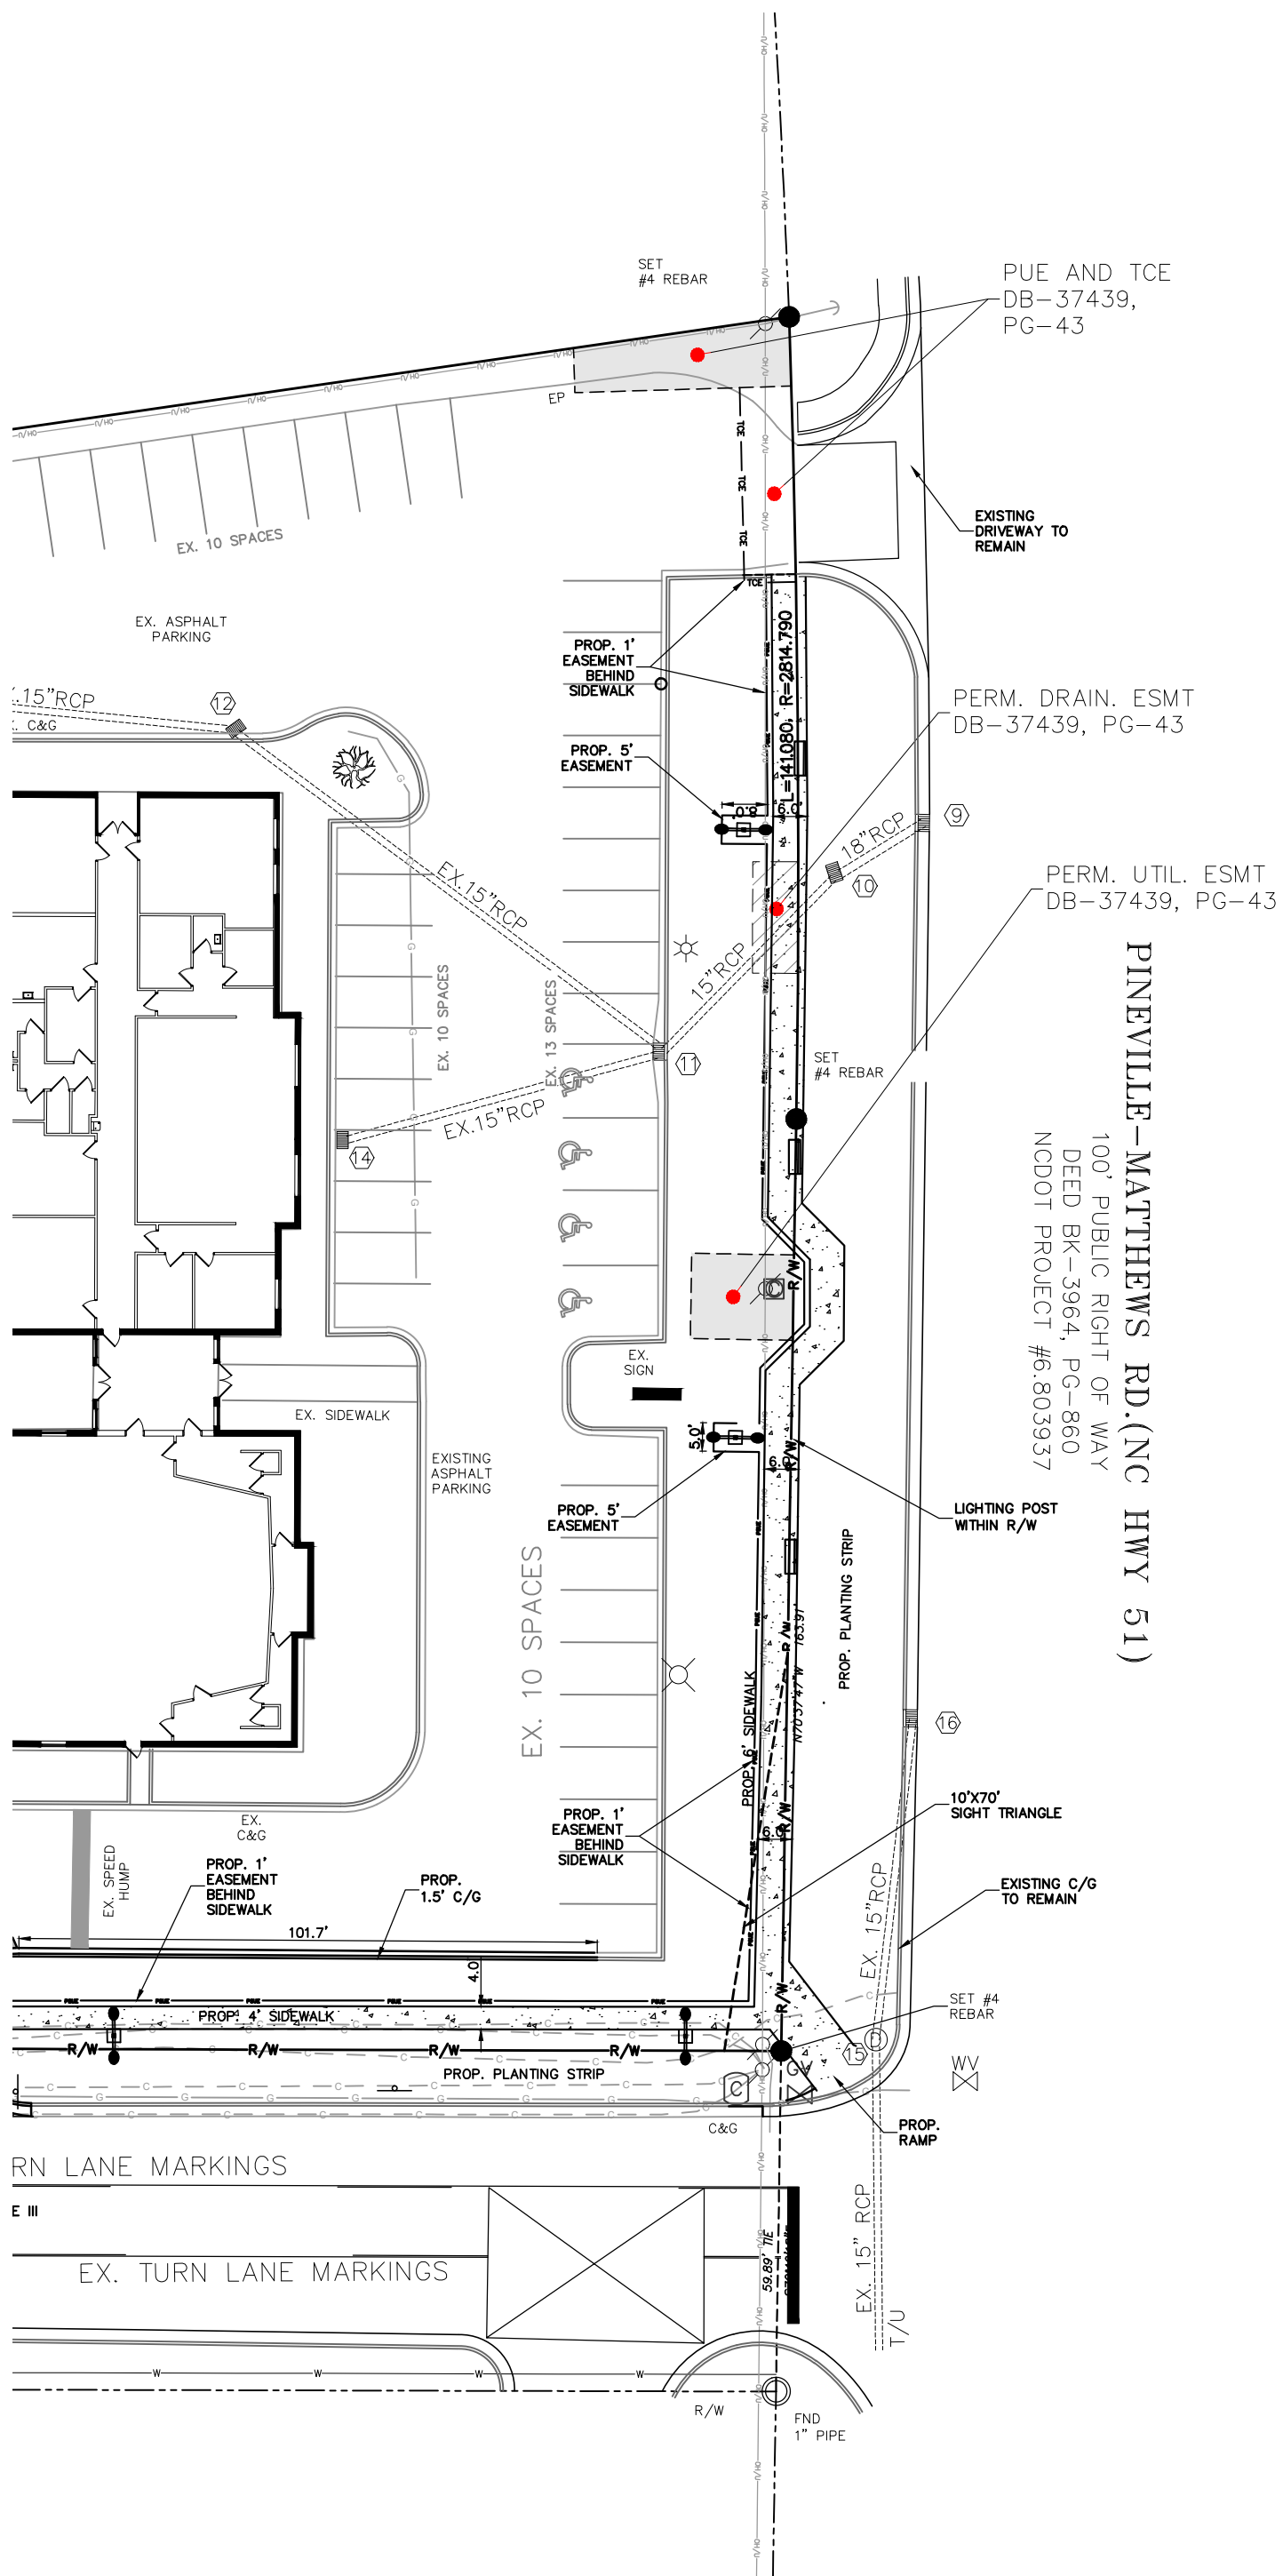

A follow up from the previous church parking count text amendment and site-specific proposal as shown from prior concept plan to revise sidewalk widths with site conditions and NCDOT roadway project.

STAFF COMMENT:

Proposal still provides pedestrian walkability and the six-foot-wide sidewalk along Highway 51 is consistent with the sidewalk widths in the immediate area and with the sidewalks NCDOT is planning to add as part of the Highway 51 improvement project. Recommend revising the Corridor Overlay District sidewalk requirement to the same width for roadway consistency in the area.

ACTION:

This is a workshop meeting to hear the initial applicant's request and to offer feedback following regular legislative process. A public hearing is needed before any vote.

OFFICE OF STATE FIRE MARSHAL

NC DEPARTMENT OF INSURANCE

Firefighters Relief Fund

Purpose

The Firefighters' Relief Fund has been created to financially assist firefighters who experience injury or loss of life while performing fire department duties.

Legislation

Relief Fund Certifications

Relief Fund Certifications are now collected by the North Carolina State Firefighters' Association (NCSFA) and will no longer need to be submitted to the Department of Insurance, per recent legislative changes (NC General Statute 58-84-46).

- Commonly known as the "Report of Fire Conditions", "Certification of Eligibility", or "Board of Trustees Report (BTR)"
- Certifications are due to NCSFA between December 1 and January 15, along with the certified department roster

The NC State Firefighters' Association will provide this information to the Department of Insurance.

For questions regarding the Board of Trustees Report, please contact the North Carolina State Firefighters' Association.

Eligibility Criteria

Item 9.

Fire departments must meet the following requirements to receive the tax collected within their fire district:

- Be a current member of the North Carolina State Firefighters' Association (NCSFA)
- Submit Firefighters' Relief Fund bank & financial statement(s) to the State Firefighters' Association by October 31
- Establish a Firefighters' Relief Fund Board of Trustees, to include:
 - Two (2) positions elected by the fire department;
 - Two (2) positions appointed by City or County Commissioners;
 - One (1) position appointed by the Insurance Commissioner.

One of the five (5) board members will be elected as Treasurer. The Department of Insurance provides a blanket honesty bond to cover all local Firefighters' Relief Fund treasurers.

The information above is compiled annually for each rated fire district to verify eligibility. Fire departments meeting all requirements are eligible to receive their relief fund tax.

If a fire department fails to meet all requirements, the relief fund tax is transferred to the NC State Firefighters' Association and held in the State Firefighters' Relief Fund account.

Important Dates	Required Action
October 31	All bank/financial statement due to NC State Firefighters' Association (NCSFA).
December 1 - January 15	Board of Trustees Report (Relief Fund Certification) + Certified Department Roster due to NCSFA.
February 1	Fire District tax valuations due to OSFM.
February	Submit any banking information changes for relief fund accounts to NC Department of Insurance (if applicable).

Important Dates

Required Action

September

Relief fund monies disbursed.

Additional Information

Frequently Asked Questions (Eligibility)

Who is responsible to return the Board of Trustees Report (BTR) to the NC State Firefighters Association?

The fire chief of any city, county, or sanitary district must file the Board of Trustees report on or before October 31 of each year.

The fire department has been informed of its disqualification to receive the relief fund monies due to the Board of Trustees report not being filed. Can the fire department recoup these monies?

Yes. The Firefighters' Relief Fund Board of Trustees can request for the city, county, or sanitary district commissioner(s) to reimburse the department from city, county, or sanitary district funds.

The fire department serves two (2) fire districts (municipal and rural). Is the department required to join the NC State Firefighters' Association (NCSFA) twice and submit all required forms in duplicate?

1A) If the fire department is solely operated by either the town or a Board of Directors and serves two (2) fire districts, it is only required to meet the General Statute requirements once: by joining the NCSFA once and submitting required forms once.

1B) Yes, if the fire department is operated by two (2) separate entities sharing one location. Both departments must join the NCSFA and each must submit required forms.

Frequently Asked Questions (Use of Funds)

If a fire department member becomes seriously ill (not fire related), can the local fund assist financially?

Yes. The local fund can purchase "other" insurance protection, which may be considered an alternative for such situations. The release of funds for this purpose must be approved by the local board and NC State Firefighters' Association (NCSFA).

Does our local Firefighters' Relief Fund Board have entire control of local funds?

Item 9.

No. All relief fund expenditures must be approved by NCSFA and be in compliance with NC General Statute 58-84.35.

Can Firefighters' Relief Fund monies be used to supplement our fire department budget or purchase equipment?

No. These funds must be kept in a separate account and used only for its intended purposes.

Legislation

Each city or county fire chief with a local board of trustees (under G.S. 58-84-30) must file a Board of Trustees Report (also known as a "certificate of eligibility") with the NC State Firefighters' Association (NCSFA). If a Board of Trustees Report is not filed with NCSFA on or before January 31 of the following year:

- The Local Firefighters' Relief Fund for that fire department will forfeit the payment next due to the Fund's board of trustees.
- The State Firefighters' Association will inform the Insurance Commissioner of any Firefighters' Relief Funds that have not filed the certificate of eligibility. The Insurance Commissioner will pay any amounts due to those local Funds to the State Firefighters' Association treasurer.
- Any forfeited payments will be included as a part of the Statewide Firefighters' Relief Fund.

(NC General Statute 58-84-46)

Relief Fund Administration

The Firefighters' Relief Fund benefit is administered through the following organizations:

North Carolina Department of Insurance
Office of State Fire Marshal
Grants & Relief Funds
1202 Mail Service Center
Raleigh, NC 27699-1202

and

North Carolina State Firefighters' Association
Tim Bradley, Executive Director
323 W. Jones Street
Suite 401
Raleigh, NC 27603

Use of Funds

The North Carolina General Assembly revised NC General Statute 58-84-35 to allow local Firefighters' Relief Fund boards to use funds for the following:

- Educational benefits
- Supplemental retirement
- Purchase other insurance and pension protection

Once the local board approves any expenditures, the NC State Firefighters' Association must also approve them to ensure the fund remains financially sound for the original intent.

For questions regarding the use of relief fund monies, please contact the NC State Firefighters' Association.

Department Update

PUBLIC WORKS

To: Town Council

From: Chip Hill

Date: 07/01/2025

Re: Public Works Updates

Johnston Drive Alignment: PNG and Spectrum have completed the relocation of their utilities. Pineville Power has completed the switch over to the new transformer and plans to remove the three abandoned poles the week of June 30th. The contractor is expected to begin road work between the 15th and 21st of July.

Sidewalks on S. Polk: The project is complete except for the following items: installation of the handrail, the riprap for the drain that runs under the sidewalk at the Sabal Pointe entrance and various areas need to be caulked.

Main Street Crosswalks: The goal is for this project to be funded with sales tax revenue if the legislation and referendum pass.

Huntley Glen: The Town has accepted the roads. The bond has gone to maintenance.

Parkway Crossing: As of May 28, as-builts are in for review and the pipe work should be nearing completion in a few weeks.

Preston Park: Prefinal dates have been proposed and are waiting to be scheduled and for work to begin.

McCullough: Still waiting for video and as-built approval. The developer has said that the video is complete, and they are waiting for their engineer to certify.

Miller Farms: Project is progressing. Proof rolls are ongoing for the roads. Storm drain is going in per the PLDS process. The work is following the process and things are working well.

Chadwick Park: No repair work has been started. All ramps with the exception of Childers and Johnston will need to be in per current standards. The developer has been made aware of this. A new prefinal will need to be done as we are past the time limit for the neighborhood. Bond fees have been paid, but not the reinspection fees. We have requested this be done and prefinal be scheduled again.

Coventry: On site meeting occurred to discuss lack of density report for certain portions of the roads. Resolution will be bonding all of the work and not reducing. The developer has not started work again. The Town has agreed to the process.

Carolina Logistics Park: Site has been approved for the Town takeover once two speed limit signs are installed. Developer has been given instruction on the process and will work with the Town to complete takeover once the developer petitions the Town.

Re: Human Resources Monthly Report

Ryan,

Enclosed is the Human Resources Department Monthly Report for the month of June 2025.

New Hires:

Charlie Williams, Police Officer Trainee (B.L.E.T.)
Joshua Heath, Police Officer Trainee (B.L.E.T.)
Gavin Reich, Part time Park Aide
Brooklyn Hoyte, Summer Camp Counselor

Resignation/Termination:

none

Retirements:

none

Transfers:

none

Promotions:

Andres Ferrer, Probationary Police Officer to sworn Police Officer
Ramon Salas, Probationary Police Officer to sworn Police Officer

Current Openings:

Police Officer: 3 openings for lateral hires
911 Telecommunicator, 3 openings, accepting applications, interviewing

Departmental Update:

Employee Appreciation and events:

We are recognizing Parks & Recreation this month. Staff will be treated to a lunch of their choice.

The employee newsletter, The Pine Needle, recognized several employees who obtained certifications or degrees in the last month.

We will be encouraging employees and their guests to join the Town Takeover of the Charlotte Knights game night 8/13/2025 by offering a discounted block of tickets.

Recruiting:

We are seeking experienced Police Officers and three 911 Telecommunicators. Quite a few candidates for both are in background checks. Also, we have a full slate of those beginning B.L.E.T. classes in June and July. The police recruiting team continues to work hard and has candidates in process for all of the available officer and BLET openings and some of the 911 TC openings.

Police Promotions:

A promotional assessment process for selecting incumbents to be promoted into two open Lieutenant positions was conducted at the end of June in preparation for the upper management/command staff position changes and leadership restructuring. Outside consulting firm Blue Chameleon was onsite to conduct the assessment center exercises. Many volunteer officers from surrounding towns and two community group leaders scored the exercises. Five candidates applied for promotion. Those who met all requirements and were recommended for promotion by their current supervisor, were invited to the assessment center. Command staff agreed on two candidates who scored well and whose experience fit the open positions well. They will each be offered a Lieutenant position. The other candidates who successfully completed the assessment will be eligible when an opening is available in the coming year.

Compensation:

The approved Cost of Living Increase was implemented for all staff on July 2nd.

The Pay and Classification Plans also increased 3.0 to 3.5%, making progress toward the goal of pay scales that match 100% of the recent market study. This makes up more than half of the progress toward closing the 5% gap to matching market that was left after implementing the increases in early March that were recommended by Baker Tilly consultants and the study data.

One of the new Police Officers has qualified as a Spanish language interpreter for the Town. They are now receiving a pay increase to reward them for being available to assist any department as needed with interpretation.

Benefits:

Our annual open enrollment changes by staff were processed with the new insurance carriers and implemented in payroll deductions July 1. Retirement contribution rate changes set by the State Treasurer's office and contributed by the Town were also updated for the year.

Each year the NC Retirement Plans increase the contribution rates that employers must contribute. The employee's contribution rate stays the same as previous years at 6%. Starting July 1, we now contribute 14.38% for general staff and 16.08% for Law Enforcement Officers as members of the NC State Treasurer's Local Government Employees' Retirement System defined benefit plan. We will also continue to match up to 5% of employees' contribution to 401(k) or 457(b), or the required 5% contribution for all law enforcement officers.

Staff enjoyed their first Juneteenth paid holiday this year!

Wellness:

The next de-stress mini-event hosted by human resources is planned later this month. This is a time for staff to intentionally de-compress and learn relaxation and stress relief techniques and resources. We plan to host an event about 3 times per year.

We continue to issue reimbursements to employees through the wellness benefit which rewards and encourages healthy living (physical, financial and lifestyle wellness). Budgeted wellness dollars reimburse employees for approved expenses in these categories. They can each claim up to \$600 of reimbursement during the benefit/fiscal year. This has been a popular program, therefore we have continued it this year. This encourages the staff to take care of themselves, which also benefits the Town in many ways from lower turnover, higher productivity and less missed work, as well as lower medical claims.

We are also planning a new employee resource group that will be formed to get employee feedback and ideas for wellness and appreciation needs and ideas. Representatives of each employee group would meet once a month to develop plans for both wellness and appreciation and how best to communicate and involve all staff. Various staff have shown interest in different wellness initiatives, so this group will focus on finding out what is top priority for our staff.

Safety:

We had no incidents or accidents in June. We had one employee experience minor illness from adjusting to the higher temperatures out in the field. Our safety captains and field supervisors have been trained in handling extreme heat conditions. They have protocols and preventive measures in place. Employees also have been trained to keep an eye out for each other and what to look for in someone experience complications from heat exposure. We also trained on guidelines for avoiding the risk of being struck by lightning.

Summer is here - summer camp, baseball tournaments, Porcupine baseball and Rock'n & Reel'n have begun. Summer camps sessions are filled this summer as they enjoy games and field trips. Kids have been to Carowinds, Illusion Museum and saw a Movie already, plus all the daily games. Our Rock'n & Reel'n series started on June 13th with Rivermist. Our first movie of the summer was Inside Out 2 which brought a large crowd. A great evening and crowd on June 26th listened to local artist Garrett Huffman, then followed by the Charlotte Symphony who entertained us with patriotic tunes as we concluded with an amazing fireworks show.
